## Tammy Hood Pennington Needs Your Help!!! Bring Hope to Tammy's Recovery

I'm Ric Pennington, the beautiful woman in the photo is my wife

This started in May, with the second dose of her infusion for the infection in her foot. This is our fourth time that we've

been to the ER. This time thankfully a Doctor admitted her and the Guillian Barre Syndrome was found. She has Guillian Berra Syndrome which causes the immune system. It attacks her muscles and nerves. She has no use of her legs and it is moving up her body. At this point the Doctors have discussed a breathing tube if it attacks her throat. I am a disabled veteran. I have dementia and Parkinson's. My ability to help physically is very limited. She needs outpatient rehab but our insurance will not pay any outpatient care.
