the infection in her foot. This is our fourth time that we've

been to the ER. This time thankfully a Doctor admitted her and the
Guillian Barre Syndrome was found. She has Guillian Berra Syndrome
which causes the immune system. It attacks her muscles and nerves.
She has no use of her legs and it is moving up her body. At this point
the Doctors have discussed a breathing tube if it attacks her throat.
I am a disabled veteran. I have dementia and Parkinson's. My ability
to help physically is very limited. She needs outpatient rehab but our
insurance will not pay any outpatient care.

Every donation, no matter
the size, brings us closer
to getting her the rehab
she desperately needs.
Thank You for your help!
